## Training Course Main Topics

- OECD Arrangement & Recommendations
- Consensus: application and eligibility criteria
- Sector Understandings
- Anti-Bribery Recommendation
- Common Approaches on Environment
- Sustainable lending

# International regulation for export credit

---

## OVERVIEW

The Arrangement on Officially Supported Export Credits, also known as Consensus, is a set of rules defining conditions for officially supported export credits. Under the wider OECD framework, ECAs are also bound by the Recommendation on Environment and the Recommendation on Anti-Bribery. These provisions affect the terms of transactions backed by ECAs. Hence, understanding these provisions is also a valuable tool for financial institutions involved in export credit transactions. This course is designed for professionals seeking to build and enhance their knowledge of OECD provisions and International regulations on export credit business. All key elements will be presented from both a theoretical and practical perspective.

## COURSE OBJECTIVES

To provide participants with a clear understanding of the main features of the Consensus, from the international regulatory framework to concrete implementation in every-day work, the course will highlight the Consensus' main concepts and the most relevant issues related to the specific Sector Understandings. The recommendations and their impact on ECAs' activity will also be highlighted. A module may also be added on notifications and reporting obligations that might be relevant to ECAs and Government Authorities.

The participants will learn to:

- understand the provisions of the Consensus and the relevant pricing regulations
- obtain an overview of the rationale and content of the Sector Understandings as well as the specific rules for Project Finance
- fulfill reporting requirements under the OECD framework (as required)
- obtain an outline of the OECD Recommendations

## TUITION

Tuition will be provided by highly qualified professionals, with proven experience and comprehensive knowledge of the relevant fields. The course may be customized to meet the real needs of participants.

# LOCATION

Upon request, at client's premises or in SACE's Rome office.
