

Training course on export credit & credit insurance

Global Solutions

Export credit & credit insurance

OVERVIEW

Export Credit and Credit Insurance backed by ECA cover are an attractive tool for exporters, banks and buyers/borrowers. The terms and conditions of ECA cover as well as the significant benefits are sometimes unknown to market players. This practical and interactive course is designed for professionals seeking to build and improve their knowledge on Export Credit and Credit Insurance business, in order to widen their understanding both of the range of products offered by ECAs and of their modus operandi. Participants will be introduced to SACE's approach and methodology applied to real-life transactions.

COURSE OBJECTIVES

To provide participants with a clear understanding of the main features of ECA products relevant to Export Credit and Credit Insurance, from the international regulatory framework governing the product, to the risks covered. The course will focus on the range of products offered by SACE, the structuring of transactions and the relevant due diligence process. Case studies and real examples will be used extensively to ensure that the training is highly interactive and practical.

The participants will be able to:

- Identify the main features of Export Credit related products as well as Financial Guarantees and Surety products
- Understand the key elements of the due diligence process necessary for the underwriting of transactions
- Review internal procedures and how the evaluation process is carried out

TUITION

Tuition will be provided by highly qualified professionals and executives with proven expertise based on work experience and comprehensive knowledge of the relevant fields.
